

1 Meet Katerina!

Katerina is a Maltese honey bee who loves flowers and nature!

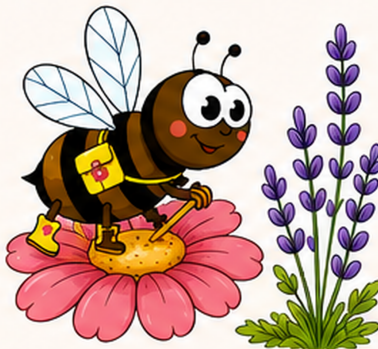

2 Where Does Katerina Live?

Katerina lives in Malta! She loves sunny days, colourful flowers and our beautiful islands.

3 What Does Katerina Eat?

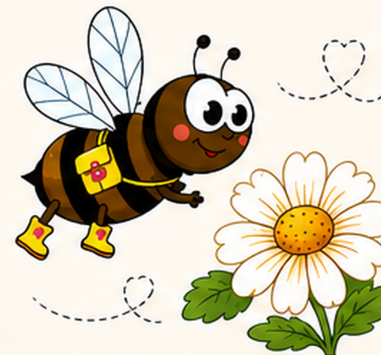

Katerina drinks nectar from flowers and collects pollen on her legs.

Bees use nectar to make honey!

4 Why Are Bees Important?

Katerina helps flowers, fruits and vegetables grow by carrying pollen from one flower to another.

This is called pollination!

5 Inside Katerina's Hive

Katerina lives in a hive with thousands of other bees.

The hive keeps the bees warm, safe and happy.

6 Bee Teamwork

Katerina's sisters are amazing team workers!

- Some collect nectar
- Some clean the hive
- Some take care of the queen
- Some protect the hive

7 How is Honey Made?

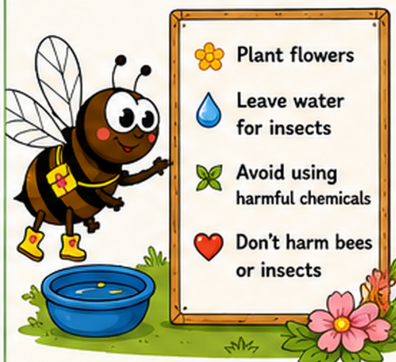

Bees collect nectar from flowers, carry it to the hive and turn it into honey.

Honey gives energy to all the bees!

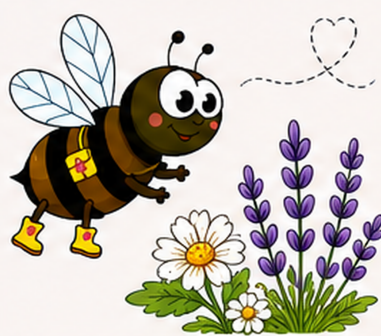

8 How Can We Help Katerina?

Small actions make a big difference!

9 Fun Bee Fact!

A honey bee can visit thousands of flowers in just one day!

That's a lot of flying! ✨

10 Katerina's Message

Every flower counts. Every bee matters.

Thank you! ❤️
